This document describes the services offered by the Alcatel-Lucent 4039 Digital Phone Digital Phone and IP Touch 4038/4068 Phone sets (that can be equipped with a Bluetooth® handset) connected to an Alcatel-Lucent OmniPCX Office or Alcatel-Lucent OmniPCX Enterprise communication Server communication Server system. For more information, see the user manual for your Alcatel-Lucent IP Touch 4038/4068 Phone (IP set) or 4039 Digital Phone Digital Phone (digital set) set. Contact your installer.

Warning: never place your telephone in contact with water. To clean your telephone, you may however use a damp soft cloth. Never use solvents (trichlorethylene, acetone, etc.) which may damage the plastic parts of your telephone. Never spray it with cleaning products. The ear piece and microphone area of the handset may attract metallic objects that may be dangerous for the ear.

The wording is not contractual and may be subject to change. Some functions of your telephone are controlled by a software key and the configuration of the unit.

EC countries: we, **Alcatel-Lucent Enterprise**, declare that the Alcatel-Lucent IP Touch 4038/4068 Phone and 4039 Digital Phone Digital Phone products (that can be equipped with a Bluetooth® handset) comply with the essential demands of Directive 1999/5/CE of the European Parliament and Council. A copy of the original of this declaration of compliance can be obtained from your installer.

**Alcatel-Lucent IP Touch 4068 Phone IP Touch & IP Touch Bluetooth® wireless handset** This device uses a radio frequency spectrum the use of which has not been harmonized in all EC countries. The frequency spectrum may be shared by other applications and its use is subject to the following two conditions: (1) this device may not cause harmful interference, (2) this device must accept any interference received, including interference that may cause undesired operation. This device complies with Class B of part 15 of the FCC (Federal Communications Commission) rules or with the CISPR 22 standard. This device has been designed and manufactured so that it does not exceed the limits in radio frequency energy in SAR (Specific Absorption Rate) established by the different countries concerned. The SAR (Head) value measured is less than 0.0025 W/kg (the maximum globally accepted limit is 1.6 W/kg).

Collection of these products at the end of their product life must be done selectively. Alcatel-Lucent, Lucent, Alcatel-Lucent and the Alcatel-Lucent logo are trademarks of Alcatel-Lucent. All other trademarks are the property of their respective owners. The information presented is subject to change without notice.
